

About Tokyo Kabuki Guide

TOKYO KABUKI GUIDE is a special concierge service established in 2010 that provides all you need to know about Kabuki in Tokyo.

One of the main features of our tours is the "About Kabuki" talk (40 minutes) and visual presentation, given while you enjoy Japanese tea and sweets or coffee. It gives you a great overview and additional insight, which you are unable to get from the audio/visual guides, allowing you to much better understand and enjoy the performance. We provide you the best available seats in each grade for the show of your choice.

We have several types of Kabuki tours in order to enhance your Kabuki experience.

We provide

- Advance tickets
- English summaries and handouts including notes on what to look out for in the show
- A useful map of the inside of the theatre

Available tours

- At The Kabuki-za Theatre and The National Theatre
- Regular tour, Premium tour, Private tour
- Tailored tours for large groups, students etc.
- One-act only tours (The Kabuki-za Theatre)
- Kabuki-za Gallery tours (open daily)

We invite people from all around the world into the fascinating world of Kabuki. We wish to show our guests a part of Japan that we love, and share our culture and knowledge as Japanese people.
